

Sandwick Community Council

Chairman: **Kevin Sandison**

Clerk: **Joanne Jamieson**

E-mail: SandwickCC@hotmail.com

16th September 2025

To: Professor Jim Wilson

Dear Sir

Letter of support from Sandwick Community Council

I have been asked to write to you on behalf of the Sandwick Community Council.

Our Councillors have followed your work with interest, admiration and awe, and have been moved by your passion and commitment. The impact of this project is significant, with some of our members having firsthand experience of loved ones benefiting from early notification, screening and treatment.

Scotland has a reputation for scientific innovation for the good of many. Your Viking Genes project embodies that spirit.

We cannot speak highly enough of your work and the value it has, both for individuals and communities and for science and learning. Sandwick Community Council gives its wholehearted support to the Viking Genes Project.

Regards,

Joanne Jamieson
Clerk to Sandwick Community Council
